The production of Walter Haupt, "Carmina Burana Monumental Opera" is the only super-production, adapted for the stage, on tour, of Carl Orff's masterpiece worldwide. This overwhelming, audiovisual, coherent artwork is the most spectacular and successful classical production of our times. Event Consulting International organizes this top class event on the Plaza de Toros in Palma de Mallorca on September 13th.

Gigantic stage architecture, more than 200 participants (choir, orchestra, soloists and ballet dancers), 300 sparkling costumes and a magnificent backdrop featuring light projections and pyrotechnical effects provide a phenomenal artwork which will fascinate the audience.
